SUNSCREENS

PROTECT AGAINST PHOTOAGING AND
SKIN CANCER

KEY BENEFITS

PROVIDES BROAD SPECTRUM UVA/UVB PROTECTION

FEATURES Z-COTE® TRANSPARENT ZINC OXIDE TO
HELP PROTECT SKIN FROM UVA RAYS

PREVENTS SUNBURN AND DAMAGE CAUSED BY
UVB RADIATION

SkinCeuticals provides broad spectrum UVA/UVB protection with cosmetically elegant sunscreens suitable for every skin type and lifestyle. SkinCeuticals daily sunscreen provides effective protection from photoaging and skin cancer.

PHYSICAL

Physical filters protect by staying on top of the skin and absorbing and reflecting the sun's rays.

PHYSICAL FUSION UV DEFENSE SPF 50

- Adaptive fluid with universal tint to boost radiance
- Water Resistant (40 minutes)

SHEER PHYSICAL UV DEFENSE® SPF 50

- Ultra sheer mattifying fluid to minimize shine

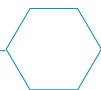

PHYSICAL UV DEFENSE SPF 30

- Delicate care, hydrating cream to repair compromised skin

CHEMICAL

Chemical filters absorb UV rays and are not as susceptible to being washed or rubbed off in active or extreme conditions, providing continuous UV protection.

SPORT UV DEFENSE SPF 50

- Active use lotion, marathon runner tested
- Water Resistant (80 minutes)

DAILY SUN DEFENSE SPF 20

- Moisturizing cream for daily use

ULTIMATE UV DEFENSE SPF 30

- Nourishing cream ideal for high-altitude climates
